Notice of a Draft Air Prevention of Significant Deterioration (PSD) Construction Permit

PUBLIC NOTICE #17-063-PSD

COMMENT PERIOD: Public Notice will begin on **December 13, 2017** and will end at close of business, which is 5:00 p.m. on **January 11, 2018**.

**NSLC-Darlington Inc.
1100 Chesterfield Lumber Drive
Darlington, South Carolina 29540
(Darlington County)
AIR PERMIT # 0820-0045-CL**

NSLC-Darlington Inc. has applied to the SC DHEC, BAQ, for a Prevention of Significant Deterioration (PSD) air construction permit to install new equipment at its existing facility. A Preliminary Determination, draft construction permit, and Statement of Basis have been written by the BAQ outlining this proposed project and applicable regulations. In addition to other state and federal air quality regulations, the draft permit is subject to review under SC DHEC Regulation 61-62.5, Standard No. 7 "Prevention of Significant Deterioration (PSD)." This regulation is equivalent to Title 40 of the Code of Federal Regulations, Part 52.21 "Prevention of Significant Deterioration of Air Quality." Under these regulations, a facility must demonstrate that it will not significantly deteriorate the air quality in its region prior to constructing or modifying sources of air pollutants. The draft permit has not yet been approved and is open to comment from the public, the United States Environmental Protection Agency (EPA), the Federal Land Managers, the chief executives of Darlington, the city of Darlington, and the SC Appalachian Council of Government.

NSLC-Darlington Inc. produces structural lumber from southern yellow pine logs and is proposing to install a new natural gas, direct fired, continuous lumber kiln (KLN7). Emissions generated by this facility as a result of the proposed project will include: Volatile Organic Compounds (VOCs) and Hazardous Air Pollutants (HAPs).

Air dispersion modeling has indicated that the release of emissions from this facility will not cause or contribute to an exceedance of the National Ambient Air Quality Standards (NAAQS). There will be no Class I Areas impacted and no degree of increment consumption resulting from this proposed project.

Pursuant to Part 70.7(d)(1)(v), this construction permit will be incorporated as an administrative amendment into the existing Title V permit with no additional public comment period. All public participation and EPA requirements were fulfilled with notice of the construction permit action. All emissions limitations and conditions in the draft PSD construction permit have been written in accordance with the SC Title V Operating Permit Program.

Interested persons may review the materials drafted and maintained by DHEC for this facility and submit written comments on the draft permit by the end of the public notice period listed above, to Ruthie Hall at the above DHEC address or by e-mail at hallmr@dhec.sc.gov. All comments received by the end of the notice period, will be considered when making a decision to approve, disapprove, or modify the draft permit. Where there is a significant amount of public interest, DHEC may hold a public hearing to receive additional comments. Public hearing requests should be made in writing to Ruthie Hall at the above DHEC address or by e-mail. If a public hearing is requested and scheduled, notice will be given thirty (30) days in advance. If you have questions concerning the draft permit, please contact Breanna Lindler at the phone number listed above. A final review request may be filed after a permit decision has been made. Information regarding final review procedures is available from DHEC's legal office at the above address or by calling (803) 898-3350. Information relative to the draft permit will be made available for review through the

end of the notice period listed above, at the DHEC Columbia Office listed above and at the following location:

SC DHEC, Florence BEHS Office, 145 E. Cheves Street, Florence, SC 29506

Information on permit decisions and hearing procedures is available by contacting DHEC at either address listed above. Copies of a draft permit or other related documents may be requested in writing to the Freedom of Information Office; fees may apply. Please bring this notice to the attention of persons you know will be interested in this matter.

This public notice, along with the Preliminary Determination which includes the draft permit and draft statement of basis, may be viewed through the end of the notice period on DHEC's website at: <http://www.scdhec.gov/PublicNotices/>.
